## HD Video Wireless Doorbell

### With Self Healing Wi-Fi Video - #PWBELL

#### NOW AVAILABLE!

**Prima Wireless Doorbell: The easiest way to get your share of the RMR and the \$4B video doorbell market, but without the service calls – using Prima’s patented self-healing Wi-Fi video and human-detection A.I.**

- Patented “Self Healing” Automatic AI Video Wi-Fi helps prevent unbillable service calls and costly truckrolls, healing/fixing issues behind the scenes, such as when customers change routers, - passwords, etc. (in All Prima Cameras)
- Smart AI Human Detection virtually eliminates false activations from pets, animals, leaves & breeze using artificial intelligence
- Prima Wireless Doorbell w/ plug in USB Cable for AC Power Rechargeable + Chime w/433 MHz to Connect to Cameras and Panel
- Mounting Bracket Keeps it functioning as a standard Doorbell while video camera portion is recharging elsewhere
- One-Button-Press” to Add Video -For a Truly Easy Install on All Prima Cameras
- Doorbell includes Built-in Audible Siren and LED Flashing On Alarm (Marketing Leading)
- Panel Live Video View w/ 2-Way Audio – PIR Motion Trigger 130° @10ft
- Optional Solar Panel - PSOLAR may be used as a permanent power solution to avoid recharging

*Also available in Hardwire Version PBELL, No Need to Rewire: Prima Wired Doorbells have a Broad Voltage Range Compatibility – 10 - 30 VAC*

Prima’s Wireless Doorbell boasts a 2MP camera, HD video capture, and AI human body detection. This wireless doorbell camera captures more of your front porch while minimizing false alerts. It includes two-way audio, a long-lasting rechargeable battery, and an innovative auxiliary doorbell integrated into the mounting bracket, which allows you to be alerted to visitors even while the doorbell is indoors and charging.
