

iBridge™ Video Doorbell IBV-DBELL Series

1080P 2MP HD Video Doorbell is the ideal new service for accounts to watch for deliveries, screen guests, look out for potential thieves & more - *easy installation for new and existing security systems*

Professional grade 1080HD video, two-way audio, customizable motion sensors & top IP65 ingress rating

- ✓ HD Video with two-way talk & noise-cancellation
- ✓ Custom PIR motion zones
- ✓ Day & Night Live-View & archived video with infrared night vision

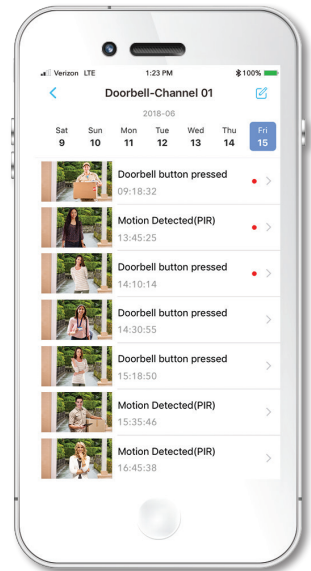

• Sends instant alerts to accounts when visitors press the doorbell or trigger the built-in motion sensors, so they can hear and speak to anyone at the door from any smartphone, tablet or PC.

- Motion-activated alerts
- Video on Demand with Live-View

- Simple 3-button operation - Buttons appear on smartphone screen over video - Press "Accept" to talk (2-way chat), or "Hang up" to disconnect, or "Mute" to just watch
- Durable & weather-resistant, IP-65 Rated and with operating range from -4 to 122°F
- Slim 4.7" x 1.9" x 1.1" iBridge Video Doorbell fits virtually anywhere
- PIR motion detection has three configurable zones, and a broad 140° angle of view, as well as IR-powered night vision
- Doorbell is easily enrolled and appears like any other WiFi iBridge Video Camera in the full integrated iBridge Connected Home or Standalone iBridge Video ecosystem, uses free Apps on iTunes®/Google Play®
- Time/date-stamped video is also cloud-archived for later review
- 12-mos. cloud-based video storage included
- Uses existing doorbell power & wiring, with quick 2-wire AC installation
- Over the Air (OTA) automatic firmware updates
- Free Consumer Mailers/Statement Stuffers

Keep an eye on the door & deliveries

Cloud-based time stamped video archive (12mos, incld)

On any smartphone, consumers get a text and video that someone's at the door. They simply press "accept" to talk (2-ways), or "hang up" to disconnect or "mute" to just watch. Ideal for watching for deliveries, guest-screening & more.

iBridge Video Doorbell

Capture surprises from far away

Accounts can chat with someone at the door from anywhere they are

...or home on the couch
